

LIFE IN THE YEAR 2030 WAS ALMOST PERFECT.
WAR, CRIME AND HUNGER WERE HISTORY.
MICROBE-SIZED ROBOTS HAD ERADICATED POLLUTION.
SCIENTISTS WERE ON THE VERGE OF CURING DISEASE.

THEN, ONE DAY,
PEOPLE ALL OVER THE WORLD STARTED GETTING SICK,
AND NO ONE KNEW WHY.

THAT'S WHEN YOU,
A THIRTEEN-YEAR-OLD TRAINEE SECOND CLASS,
JOINED THE WORLD'S LEADING RESEARCH TEAM.

THIS IS YOUR STORY.
THERE ARE TWO ENDINGS.
HOW WILL YOU CHOOSE?

NANOSWARM

INVASION FROM INNER SPACE

A COMPUTER GAME OF HEALTHY EATING AND EXERCISE
